EDUCATION

KIET Group of Institutions

B.Tech – Computer Science & Engineering (AI & ML) – 75%

Ghaziabad, UP

Sep 2023 – May 2027

Central Academy

Intermediate (CBSE) – 83%

Prayagraj

2021 – 2022

TECHNICAL SKILLS

Languages: Python, JavaScript (ES6+), HTML5, CSS3, C++

Libraries & Frameworks: PyTorch, OpenCV, Flask, NumPy, Pandas, Tkinter

Developer Tools: Git, GitHub,

Core Concepts: OOP, DSA, Deep Learning, Web Architecture, REST APIs

PROJECTS

Group Projects

Face Recognition Attendance System | *Python, OpenCV, PyTorch, Tkinter* | Team: 4 Oct 2025– Dec 2025

- Designed and implemented a real-time face recognition system with anti-spoofing using MiniFASNet and RetinaFace for liveness detection.
- Generated and stored 128-dimensional face embeddings enabling accurate multi-user authentication with real-time matching.
- Optimized preprocessing pipeline (face alignment, resizing, normalization) improving inference efficiency and reducing false positives.
- Developed Tkinter-based GUI and automated CSV attendance logging with timestamp tracking.

Crop Disease Detection | *Python, PyTorch, OpenCV, NumPy, Pandas, Flask* Mar 2026

- Built and trained a CNN model on the PlantVillage dataset (61K+ images, 39 classes) achieving **83% test accuracy**.
- Applied advanced data augmentation techniques (rotation, cropping, color jitter, noise injection) to enhance generalization.
- Deployed model using Flask, enabling real-time image-based disease prediction via web interface.

Individual Projects

Car Dealership Website with News API Integration | *HTML5, CSS3, JavaScript, REST API* Jan – Feb 2026

- Developed responsive automobile dealership platform with dynamic UI components and structured layout.
- Integrated third-party Automobile News REST API to display real-time industry updates on homepage.
- Implemented asynchronous Fetch API calls with proper error handling, loading states, and input validation.

Weather Forecast Web Application | *HTML5, CSS3, JavaScript, OpenWeatherMap API* March 2026

- Built real-time weather application using OpenWeatherMap API with dynamic location-based search.
- Designed responsive card-based UI displaying temperature, humidity, and weather conditions.
- Handled asynchronous API responses with validation and exception handling for robust performance.

POSITIONS OF RESPONSIBILITY

Vice President

Nov 2025 – Present

Microsoft Learn Student Ambassador (MLSA KIET)

KIET Group of Institutions

- Led 40+ member chapter; oversaw event planning, content, and community engagement initiatives.
- Coordinated workshops, speaker sessions, and events at Microsoft Office, Noida.

Cinematography Head

Sep 2025 – Present

National Services Scheme (NSS KIET)

KIET Group of Institutions

- Led photo/video team for community outreach; managed documentation of major NSS programs.

EXTRACURRICULAR ACTIVITIES

Microsoft Learn Student Ambassador (MLSA KIET)

June 2024 – Present

Graphics, Content Creation & Event Management

KIET Group of Institutions

- Led a team of 40 members to plan and execute technical events; managed content, design, and coordination.

TEDxKIET

Jan 2024 – Nov 2024

Event Coordinator

KIET Group of Institutions

- Coordinated event operations and speaker engagement for a high-impact campus TEDx event.

VPAKSH Dramatics Society

Nov 2023 – Oct 2025

Content Writer & Actor

KIET Group of Institutions

- Performed in EPOQUE college fest; created original content and social media reels for the society.

CERTIFICATIONS

MongoDB University Certification

Cybersecurity Foundation – Palo Alto Networks Cybersecurity Academy
