

Shreyansh Singh

Ghaziabad, Uttar Pradesh 201002

9910375924 | shreyanshshivbilas@gmail.com | linkedin.com/in/shreyansh-singh | github.com/shreyansh-singh

Education

KIET Group of Institutions

B.Tech – Computer Science and Information Technology

• Relevant Coursework: Data Structures, Operating Systems, Web Architecture, Python Libraries, Introduction to AI

Ghaziabad, UP

Aug 2023 – May 2027

Technical Skills

Languages: JavaScript (ES6+), HTML5, CSS3, Python, Java, C, C++

Database: MySQL

Tools & Version Control: Git, GitHub, Jupyter, Tableau, MS Excel

Core Concepts: OOP, Data Structures & Algorithms, Web Architecture, REST APIs

Projects

(Group Project)

Agri-Connect: Tech-Enabled Smart Bidding System | *Java Spring Boot, React.js, PostgreSQL, WebSockets*

Role : - Team Lead, DB Lead

Jun 2025 – Dec 2025

- Led a 3-member team to architect a Direct-to-Vendor bidding platform, eliminating middlemen and implementing a fair pricing mechanism for agricultural producers.
- Architected a robust relational database schema in PostgreSQL using 3NF normalization, implementing Indexing and Foreign Key constraints
- Implemented real-time bi-directional communication using WebSockets for instant bid updates, and managed high-concurrency transactions
- Engineered secure REST APIs with Spring Boot and integrated JWT (JSON Web Tokens) for role-based authentication

(Individual Project)

Face Recognition Attendance System | *Python, OpenCV, PyTorch, Tkinter*

Jan 2026 -Feb 2026

- Designed and implemented a real-time face recognition system with anti-spoofing using MiniFASNet and RetinaFace for liveness detection.
- Generated and stored 128-dimensional face embeddings enabling accurate multi-user authentication with real-time matching
- Optimized preprocessing pipeline (face alignment, resizing, normalization) improving inference efficiency and reducing false positives.
- Developed Tkinter-based GUI and automated CSV attendance logging with timestamp tracking.

Achievements

- **SIH(Smart India Hackathon)** - Department Level Winner(Top 5)
- **INNOTECH** - Department Level Winner(Top 10)

Certifications

- **Introduction to MongoDB (For Students)** | Mongo DB
- **Cybersecurity Foundation** | Palo Alto Networks Cybersecurity Academy
- **Generative AI Foundations** | AWS Academy
